

Tabla XL™

A3 LIGHTPAD

E35122

Fact Sheet

Large A3 size lightpad designed for tracing, papercraft, quilting, and vinyl weeding, with tracing capability across the full A3 tracing area. Ultra lightweight and ultra slim, the Tabla XL™ offers a wide spread of light with a strong aluminium casing and tough non-scratch tracing surface (A6 hardness) for maximum durability. Premium daylight 6,000K LEDs for true-colour accuracy combined with edge-to-edge illumination and contrast.

3-step illumination levels to suit your paper weight and fabric thickness, with ruled edge measurement scale in cm and inches for visual accuracy.

Ultra Bright

6,800 Lux
