Technical specifications

Mounting	
Product Mounting	Ceiling recessed
General	
Product shape	Square
LMS System	
Number of DALI addresses	1
LMS Protocol	DALI
Light Technical Data	
Energy Class Light Source	F
Driver / Ballast	
Type of LED Driver	DALI DT8: Dimming (CCT/Tuneable white)
DALI-2 part 251, 252, 253	true
Dimensions	
Length (mm)	597
Width (mm)	597
Height (mm)	99
Item Net Weight (kg)	6.2192
Termination	
Plug Type	Linect 5

Sustainability	
Repairable/Changeable Parts	External driver;Optic;Sensor
Packaging Material	Plastic;Cardboard;Recycled cardboard
Logistic Data	
Item Gross Weight (kg)	6.76
HCL	
HCL type	Tunable white using Red, Blue and green-white LED`s
HCL text	CCT/RGB is based on an optimal mix of the three channels red, blue and mint. This provides a first-class light quality from 2,500K up to 7,000K with a CRI >90 and a high color rendering in the deep red R9 index. You can also create colored light by mixing the 3 channels. Deep green colors cannot be made.
MDER min	0.24
MDER max	1.02
MDER 3500K	0.54
Remarks	
This LED module contains a Red, Blue and a Green-White LED so it is not able to produce deep green colours.
